

## CAUSE & CONSEQUENCE

EVENT = \_\_\_\_\_

**CRITERIA 1:** What were the causes and consequences of the event? Analyze the possible **immediate, short, and long term** causes and consequences. Analyze **the connections** between the causes and consequences.

**CRITERIA 2:** What is the **most important cause** and **most important consequence** of the event? **List and rank** the top 3 causes and top 3 consequences and whether each one **was intended or unintended**. Describe the strategy or criteria you used to rank.

**CRITERIA 3:** What were the **key turning points / triggers** in the event? Select **key turning points / triggers** that **led to the causes and/or consequences**. Can these turning points / triggers be linked?
